There are questions about how you would like your newsletter to be delivered:

- by email, via Facebook, hard copy through the door, or by collection from a central place?
- would any of the Laggan groups like to take on responsibility for guest editing an edition?

We'd love to hear your thoughts?

Above you'll see one of our new KEEP LAGGAN TIDY SIGNS, you can find out more about them overleaf!

A big thank you is due...

...to everyone in the community for your help, compassion and neighbourliness during this time of Covid 19. Many Laggan folk are being supported at this time, both officially by CAN (Corona Action Newtonmore - co-ordinated through the Church), and unofficially by friends and neighbours. Thank you to Laggan Surgery for the care and advice so readily made available to those needing it. Thank you to anyone locally who is working to keep us safe and to keep us supplied with food. Thank you to local businesses, which have always delivered to Laggan, and to those which have now started to do so; please shop as locally as you can to support them.

For twenty years, Laggan Splash was produced for us by a variety of different writers, editors and contributors, to whom all thanks and admiration are due. Thank you for your time, expertise and enthusiasm.

With the winding up of LCA, the Community Council agreed to take on this responsibility ... and then Covid 19 entered

the radar and planning stalled. However, it has been decided to put together a short, initial newsletter in the hope that there will be folk within the community who have some really great ideas for the sort of things they would like to see included in a Quarterly Laggan publication.

Finally, the Keep Laggan Tidy Group is delighted that

the Ardverikie Estate has taken and displayed some of the anti-litter signs, purchased with SSE Micro Grant funds. We still have a good supply of these for landowners to request and please

let us know where you think these might be useful. Contact Liz for details.
